

IN THE SPECIFICATION:

At the top of page 1, change the title of the invention from "METHOD FOR MANUFACTURING RAISED ELECTRICAL CONTACT PATTERN OF CONTROLLED GEOMETRY" to -- MANUFACTURING RAISED ELECTRICAL CONTACTS HAVING CONTROLLED GEOMETRY --

At page 5, line 16, change "3 373,481 to -- 3,373,481 --

At page 11, line 14, change "envelopes" to -- envelops --

At page 14, line 18, change "insure" to -- ensure --

At page 15, line 23, change "Summary of the Invention" to
-- Detailed Description of the Invention --

At page 19, line 9, change "relies upon" to -- employs --

At page 19, line 12, after "required" insert -- (desired) --

At page 20, line 5, change "capillary motion" to -- motion of the capillary --

At page 20, line 11, change "thereby is" to -- is thereby --

At page 20, line 22, change "properties. other" to -- properties. Other --

At page 25, line 5, change "0.000100" to -- 0.00010 --

At page 27, line 25, change "severe" to -- sever --

At page 28, line 6, change "severe" to -- severs --

At page 28, line 15, after "deposit 44" insert
